POSITION DESCRIPTION

Disaster Assistance Programs Specialist II

The Disaster Assistance Programs Specialist series describes a broad range of field inspections; hazard mitigation programs; technical; staff; and project management work performed within the Office of Emergency Services.

This is the advanced journey level of the series. The Disaster Assistance Programs Specialist II is a dual function class which serves as either a lead person over a
designated unit of the organization or as a technical program expert in a designated area of professional/academic knowledge. Incumbents of the series provide consultation and coordination of disaster assistance programs to local, State, and Federal entities. Incumbents perform field inspections, including buildings and facilities damaged as a result of an event or disaster, to document damages and identify hazard mitigation opportunities; document cost estimates for eligibility; review projects for compliance with local, State, and Federal disaster program regulations; conduct project monitoring and project completion review; assist in the preparation of grant proposals; provide technical disaster assistance program guidance and training; review architectural and engineering plans for program eligibility; attend briefings and meetings; maintain cooperative working relationships with local, State, and Federal officials; may serve as a designated agency representative and participate in various levels of potentially controversial, politically sensitive discussions, analysis, and recommendations; and do other related work.

Positions exist Statewide.
