APPLICATION INSTRUCTIONS

Final Filing Date: Continuous Who

Should Apply:

Applicants who meet the minimum qualifications as stated on this bulletin may apply for and take this examination.

Once you have taken this examination, you may not retake it for nine (9) months.

How To Apply:

The link to connect to the Training and Experience Evaluation is located farther down on this bulletin in the “Taking the Exam” section.

Special Testing Arrangements:

If you require special testing arrangements due to a verified disability or medical condition, please contact:

California Department of Human Resources CalCareer Service Center
1810 16th Street
Sacramento, CA 95814

Bulletin Date: 1/21/2022
MINIMUM QUALIFICATIONS

All applicants must meet the education and/or experience requirements as stated on this exam bulletin to be accepted into the examination. Part-time or full-time jobs, regardless of whether paid or volunteer positions, and inside or outside California state service will count toward experience.

Research Data Supervisor 1

Education

Incumbents must possess 12 semester or 18 quarter units course work in any combination of a data driven research-related field, such as economics, mathematics, psychology, sociology, demography, geography, anthropology, statistics, data science or a research-related field. This must include at least one course in statistical methods; and

Equivalent to graduation from an accredited college with a bachelor’s degree. Work experience may be substituted on a year-for-year basis by applicants who have the required units mentioned above.

A Master’s Degree in economics, mathematics, psychology, sociology, demography, geography, anthropology, statistics, data science or a related research-oriented field may be substituted for two years of the required experience. A doctoral degree in the same areas may be substituted for three years of the required experience.

Experience applicable to one of the following patterns may be combined on a proportional basis with experience applicable to the other pattern to meet the total experience requirements.

Experience

Either 1

One year in the California state civil service performing pertinent data research-oriented duties in a class with a level of responsibility equivalent to that of Research Data Analyst 2; or 2
Four years of professional data research-oriented experience must have included responsibility for the determination of research data gathering and reporting design and methodology for a complete research project. (Research experience applied toward this pattern must include at least one year performing duties with a level of responsibility equivalent to Research Data Analyst 2)

**POSITION DESCRIPTION**

**Research Data Supervisor 1**

Under general direction, this is a working supervisor level responsible for a small group of analysts performing journey level work. A Research Data Supervisor 1 personally performs the most difficult or sensitive work of the group.

**EXAMINATION SCOPE**

This examination consists of the following components:

**Training and Experience Evaluation** – Weighted 100% of the final score.

The examination will consist solely of a Training and Experience Evaluation. To obtain a position on the eligible list, a minimum score of 70% must be received. Applicants will receive their score upon completion of the Training and Experience Evaluation process.

In addition to evaluating applicants' relative knowledge, skills, and ability, as demonstrated by quality and breadth of education and/or experience, emphasis in each exam component will be measuring competitively, relative job demands, each applicant's:

**Knowledge of:**

1. Data analysis methods and techniques including gathering and collection of structured and unstructured data, as well as general principles, concepts and terminology used in research
2. Planning studies and investigations
3. Trend analysis procedures
4. Time management techniques to provide for efficient prioritization and completion of projects and assignments
5. Software to prepare spreadsheet summaries, reports, charts, and tables
6. Basic arithmetic and statistical techniques to analyze numerical data
7. Departmental policies and procedures
8. Design and implement research-related projects
9. Practices required to ensure and maintain data security, including securely transmitting confidential data
10. Experimental design procedures
11. Problem-solving techniques and processes to identify and resolve issues related to the completion of work assignments
12. Advanced mathematical techniques and descriptive statistical analysis techniques and methods
13. Principles and concepts applied in research and statistical settings
14. Principles and concepts appropriate to data and research techniques and methodologies
15. Operations research methods
16. Current data analytics processes, including the utilization of business intelligence software programs
17. Broad principles of algorithms, data structures, and data management
18. Application of computerized models to research data, statistical and other methods used in the analysis
19. Survey methods and analytical techniques
20. Organizational analysis including data presentation and interpretation
21. Principles and procedures of forecasting, and of research planning, design, methodology
22. Problem solving techniques and processes to facilitate the identification and resolution of issues related to the completion of work assignments
23. Supervisory principles, practices, and techniques to oversee the work activities of employees to ensure the unit operates
24. Departmental policies and regulations regarding confidentiality
25. Applicable laws
26. Public administration, including management and supportive staff services such as budget, personnel, program planning and evaluation, program management, or related areas
27. Employee supervision, development, evaluation and training
28. Governmental functions and organization at the state and local level as they affect departmental research functions
29. Problem-solving techniques and processes to facilitate the identification and resolution of issues related to the completion of work assignments
30. Leadership principles and methods to motivate and maintain the productivity of work unit staff members in accomplishing program objectives
31. A supervisor's and manager's responsibility for promoting equal opportunity in hiring and employee development and promotion, and for maintaining a work environment which is free of discrimination and harassment
32. Of personnel management, supervision, and training Ability To:

1. Research, gather, compile, and analyze structured and unstructured data
2. Conduct and interpret descriptive statistical analyses using appropriate software to test research hypotheses and to formulate conclusions and recommendations
3. Prepare research and statistical reports
4. Analyze written and numerical data regarding general governmental problems
5. Speak and write effectively
6. Develop and evaluate alternatives, recommendations, solutions, and conclusions or approaches to research problems
7. Manage a workload consisting of multiple projects and assignments
8. Complete work under critical timelines to meet project objectives and deadlines.
9. Be objective and flexible to adapt to changes in priorities and work assignments.
10. Gain and maintain the confidence and cooperation of others, collaborate, and work in multidisciplinary teams.
11. Query, mine, analyze, and manipulate data.
12. Communicate effectively both orally and in writing to individuals and groups related to the area of research.
13. Present ideas and information effectively.
14. Adapt and apply formal research methods and principles to research problems.
15. Design and validate studies and analyze the accuracy of data collected.
16. Analyze quantitative and qualitative data to reach sound conclusions and/or make recommendations.
17. Identify improvements and originate and develop new solutions which depart from traditional and existing patterns.
18. Identify required data, information, materials, and resources needed to complete/perform a project.
19. Reason logically and creatively and use a variety of analytical techniques to resolve or provide information regarding complex research and data problems.
20. Consult with and advise administrators or other interested parties on a wide variety of subject-matter areas.
21. Recognize when issues, activities, and/or decisions need to be elevated to management, and communicate information effectively to others plan and carry out large scale research and data projects.
22. Develop procedures for collection and integration of data sources.
23. Design and test complex data base structures for storage and manipulation.
24. Access and process data located on large databases, servers, mainframes and/or desktop computers.
25. Design and conduct a complex research project and/or validating studies.
26. Conduct program evaluation studies including the systematic analysis of program requirements, goals, and outcomes to ensure program effectiveness.
27. Analyze and evaluate the impact of programs, procedures, business processes, and/or policies.
28. Develop documents related to data processing and analysis procedures for research projects and assignments to be used as a future resource.
29. Determine how a system or process works and how utilizing new inputs, operations, and environmental conditions would affect outcomes.
30. Function as a technical lead for complex projects to ensure timely completion.

Bulletin Date: 1/21/2022
36. Provide technical assistance to professional personnel
37. Establish and maintain cooperative relationships with others, and with stakeholders
38. Communicate with internal and external stakeholders with diplomacy and tact, especially concerning difficult and sensitive issues
39. Plan, organize and manage a research function
40. Review and edit written reports
41. Use interdisciplinary teams effectively in the conduct of studies
42. Manage workload and assignments of others in order to meet work unit and project objectives and deadlines
43. Objectively identify all facts and implications related to a situation before drawing conclusions and determining courses of action
44. Delegate work to staff to ensure work projects are completed on time and within budget
45. Review the work of subordinate staff and provide constructive feedback from the perspective of a supervisor
46. Effectively promote equal opportunity in employment and maintain a work environment that is free of discrimination and harassment.

ELIGIBLE LIST INFORMATION

A servicewide, open eligible list for the Research Data Supervisor 1 classification will be established for the State of California (all State of California departments, statewide).

The names of successful competitors will be merged onto the eligible list in order of final score regardless of exam date. Eligibility expires 12 months after it is established. Applicants must then retake the examination to reestablish eligibility. Veterans’ Preference will be granted for this examination. In accordance with Government Codes 18973.1 and 18973.5, whenever any veteran, or widow or widower of a veteran achieves a passing score on an open examination, he or she shall be ranked in the top rank of the resulting eligible list.

Veterans status is verified by the California Department of Human Resources (CalHR). Information on this program and the Veterans’ Preference Application (Std. form 1093) is available online. Additional information on veteran benefits is available at the Department of Veterans Affairs.

Career Credits will not be added to the final score for this exam, because it does not meet the requirements to qualify for Career Credits.

PREPARING FOR THE EXAMINATION

Here is a list of suggested resources to have available prior to taking the exam.
Employment History: Employment dates, job titles, organization names and addresses, names of supervisors or persons who can verify your job responsibilities, and phone numbers of persons listed above.

Education: School names and addresses, degrees earned, dates attended, courses taken (verifiable on a transcript), persons or office who can verify education, and phone numbers of persons or offices listed above.

Training: Class titles, certifications received, names of persons who can verify your training, and phone numbers of persons listed above.

TAKING THE EXAMINATION

Take the Research Data Supervisor 1 examination

TESTING DEPARTMENTS

State of California (all State of California departments)

CONTACT INFORMATION

California Department of Human Resources
CalCareer Service Center
1810 16th Street
Sacramento, CA 95814
Phone: (866) 844-8671
Email: CalCareer@CalHR.CA.GOV

California Relay Service: 7-1-1 (TTY and voice)

TTY is a Telecommunications Device for the Deaf, and is reachable only from phones equipped with a TTY Device.

EQUAL OPPORTUNITY EMPLOYER

The State of California is an equal opportunity employer to all, regardless of age, ancestry, color, disability (mental and physical), exercising the right of family care and medical leave, gender, gender expression, gender identity, genetic information, marital status, medical condition, military or veteran status, national origin, political affiliation, race, religious creed, sex (includes pregnancy, childbirth, breastfeeding, and related medical conditions), and sexual orientation.

DRUG-FREE STATEMENT

It is an objective of the State of California to achieve a drug-free State work place. Any applicant for State employment will be expected to behave in accordance with this objective, because the use of illegal drugs is inconsistent with the law of the State, the rules governing civil service, and the special trust placed in public servants.
**GENERAL INFORMATION**

Examination and/or Employment Application (STD 678) forms are available at the California Department of Human Resources, local offices of the Employment Development Department, and through your [CalCareer Account](#).

If you meet the requirements stated on this examination bulletin, you may take this examination, which is competitive. Possession of the entrance requirements does not assure a place on the eligible list. Your performance in the examination described in this bulletin will be rated against a predetermined job-related rating, and all applicants who pass will be ranked according to their score.

The California Department of Human Resources (CalHR) reserves the right to revise the examination plan to better meet the needs of the service, if the circumstances under which this examination was planned change. Such revision will be in accordance with civil service laws and rules and all applicants will be notified.

**General Qualifications:** Applicants must possess essential personal qualifications including integrity, initiative, dependability, good judgement, the ability to work cooperatively with others, and a state of health consistent with the ability to perform the assigned duties of the class. A medical examination may be required. In open examinations, investigation may be made of employment records and personal history and fingerprinting may be required.

**Eligible Lists:** Eligible lists established by competitive examination, regardless of date, must be used in the following order: 1) sub-divisional promotional, 2) departmental promotional, 3) multi-departmental promotional, 4) servicewide promotional, 5) departmental open, 6) open. When there are two lists of the same kind, the older must be used first. Eligible lists will expire in one to four years unless otherwise stated on the bulletin.

**High School Equivalence:** Equivalence to completion of the 12th grade may be demonstrated in any one of the following ways: 1) passing the General Education Development (GED) Test; 2) completion of 12 semester units of college-level work; 3) certification form the State Department of Education, a local school board, or high school authorities that the competitor is considered to have education equivalent to graduation from high school; or 4) for clerical and accounting classes, substitution of business college work in place of high school on a year-for-year basis.
